How to View Siblings and Switch Between Accounts

1. Open a member's profile and find the Siblings section 0:00

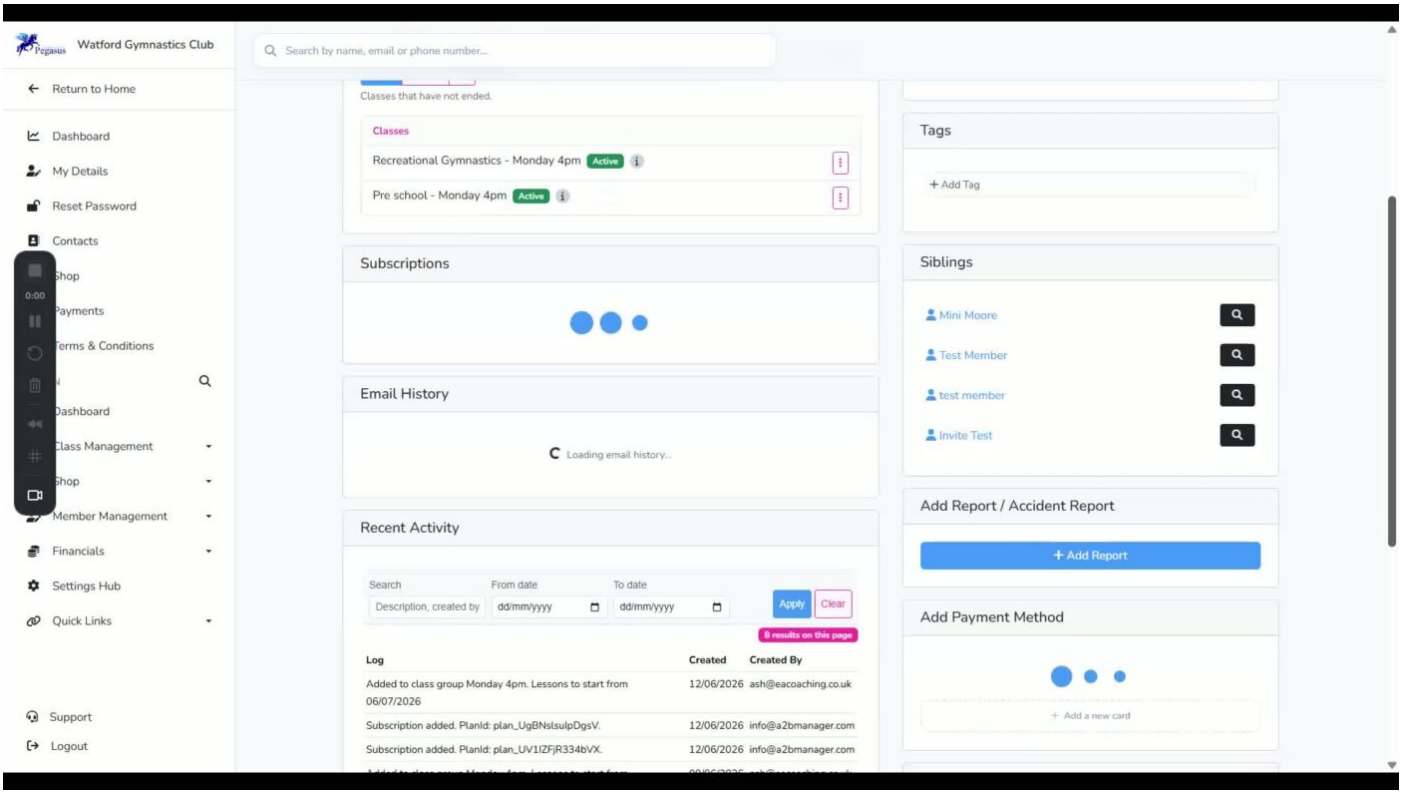

- Start on the member's profile.
- Scroll down until you see the **Siblings** section.
- This area is where linked sibling accounts will appear.

2. Select a sibling account from the list 0:15

- In the **Siblings** section, sibling accounts linked to the parent profile will be listed.
- Click the **search bar / sibling link** to open the sibling's account.
- This will take you directly to that sibling profile.

3. Continue moving between sibling profiles as needed 0:29

- Repeat the same process to move from one sibling account to another.
- Use the sibling links to continue navigating through the family's profiles.
- This makes it easy to review multiple related accounts without starting a new search each time.
